

rec

features

Designed by Christophe Pillet, Rec worktables are inspired by the raw, rectangular worktable from the industrial age. Rec creates high work postures ideal for today's social spaces. Rec worktables provide compelling high work settings for the more active worker and creative types – those who need to sit or stand and accomplish solo, heads-down work. Rec supports applications that serve both perimeter and open space planning, for personal touchdown, quick gatherings and longer-term collaborative work scenarios.

Rec worktables are offered in three popular heights. Two top styles in multiple sizes are available in linoleum, laminate and veneer. Three base styles are offered in a wide variety of powder coat colors.

rec

rec details

Thin cross rail on the
29" x 29" high or 36" high
models of all rec tables

Single footrest on the
42" high x 23" deep or
36" deep tables

Double footrest on the
42" high x 48" deep
tables

The 119" wide tables at 36" and 42" high will
now have a third (middle) leg.

The 29" high will remain with 2 legs.

The 36" deep and 48" deep tables at 42" high have a
crossbar in the leg for all widths.

rec

planning

A variety of configurations can be achieved with Rec Tables, allowing for various configurations. The following typicals demonstrate the versatility that can be achieved.

rec

recommended occupancy

The following demonstrates the recommended table occupancy to allow for adequate personal and working space and proper alignments with the Rec table.

58" wide Rec Single Top
Workshop Table with Chairs

STYD / STYE rec power bump accessories

Power Bump accessory power units are available for use on the Rec single top workshop tables (STMA and STMB). **Rec tables require a power cut out(s) in the worksurface, which must be specified at the time of order.** Please reference the table notes for power cut out up-charges and see the Power Accessory section for Power Bump specifications, model numbers and unit pricing.
