## Kupp table

Kupp flip-top tables are the perfect companion for the Kupp horizontal nesting chair. Designed to accommodate the needs of any space, Kupp tables feature an intuitive surface-long handle and offer an optional bag hook and modesty. Angled legs create straight-line nesting for compact storage, and complement the Kupp chair legs. Attention to design is seen with the two-sided worksurface finish, which maintains a clean table aesthetic in the vertical position.
