Collection Outdoor In

Designer Suzanne Tick

Products Wavefield Megapixel Twisted Tweed Graticule

Outdoor In Collection by Luum

Our latest collection, Outdoor In, by Suzanne Tick offers four bleach-cleanable performance textiles for indoor-outdoor spaces in hospitality, higher education and corporate environments - bringing new, pivotal products to these hybrid spaces. Showcasing forward-thinking textile design, Outdoor In utilizes high-UV fibers, new coated technology and recycled polyester yarns to enhance user experience and flexibility in both the interior and exterior.

As we rethink the ways life, work and communication influence design, outdoor accessibility continues to prove a major influence in design equity. Whether indoors or outdoors, walls, panels, screens and seating can be re-adjusted in real time throughout the day with ease, unlocking the full creativity within.

Wavefield Cascade 4091-06

Megapixel Algae 4097-07
