

ESSA

teknion

Designed for Teknion by PearsonLloyd, the Essa task chair takes its name from the word *essence*, selected to capture its pared-down scale and pure, sculptural shape. Essa takes cues from the classic club chair, emphasizing simplicity, elegance and softness.

Essa's refined lines and contours allow for an enhanced expression of personality. Visual and tactile richness celebrate color and materials to infuse unique personalities into a space. From energetic and trendy to confident and bold, Essa offers an identity to each their own. Draw inspiration from these Essa personas.
