

teknion bene box

teknion

Teknion® partners with European office furnishings company Bene to offer the Teknion Bene Box – simple building blocks that flexibly shape work environments to support a number of different team activities or individual tasks.

Teknion Bene Box is the ideal multi-functional modular furnishing system – it configures into desks, tables, stools, benches, lecterns, platforms, shelving units, storage towers and more to create versatile options for any room and for an entire floor plan. Teknion Bene Box functions as permanent furniture in fixed spaces with recurring activity, or as fully reconfigurable pieces for fluid multi-purpose rooms and team spaces where activity changes day to day.

Teknion Bene Box easily assembles and disassembles by hand in just a few quick steps. Build and rebuild, mix and remix to create just the right setting.

05

Ideal for the home office, Teknion Bene Box custom-builds a work space to suit personal preferences and work styles with the additional peripheral furnishings required.

Teknion Bene Box functions as accent furnishings in residential spaces, complementing more traditional furniture pieces and finishes.

Teknion Bene Box adds an unassuming, fun and informal aesthetic and function to more traditional office environments.

Teknion Bene Box functions within the in-between floorplan spaces as an island for touchdown meetings or casual interaction.

features

- Boxes measure 14.2 W x 14.2 D x 15 inches H (360mm x 360mm x 381mm)
- Furniture grade 12mm thick plywood constructed of a nine-layer unfinished pine plywood
- Boxes are available with or without storage openings
- The Long Top serves as a functional board that connects up to five boxes, providing a surface.
- A Seating Pad placed on the Top provides a comfortable seat
- Carry handles can also be used to horizontally align and connect boxes, while glides provide stability when stacking the boxes
- A Wheel Tray provides mobility

environmental considerations

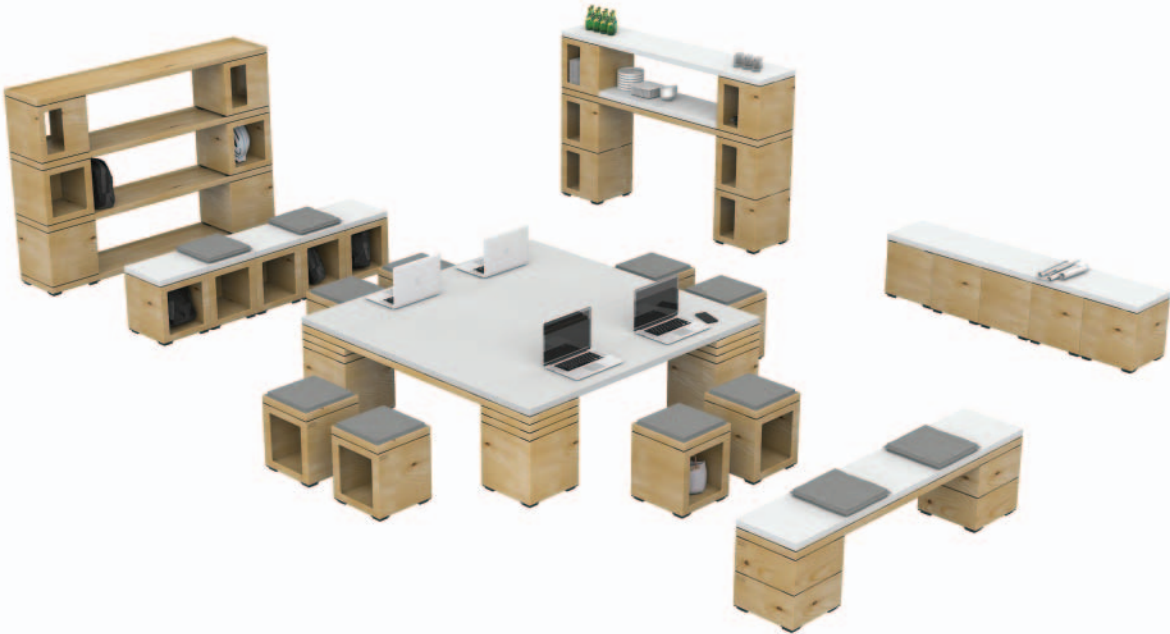

- SCS Indoor Advantage Gold certified
- Certified through SCS Global Services
- Title VI compliant/certified
- FSC® certified (FSC-C018605)
- Red List compliant

multi-purpose spaces

Versatile by nature, the Teknion Bene Box collection functions equally well as fixed furniture as it does for multi-purpose spaces, shaping a room to support a number of different team tasks. Its flexibility makes it perfect for co-working spaces where tomorrow is always the

unknown and activity changes day to day, creating environments that encourage lively dynamics and creativity. Build and rebuild, mix and remix to create just the right format for a work session or a celebration. Teknion Bene Box is always a work in progress.
