lady 7 by koncept

Subtle yet dynamic, Lady 7 is floor lamp that acts like a task light, enhancing function and purpose in any space. Its refined design cleverly conceals numerous work-focused features within a sleek, linear silhouette. The body telescopes to adjust in height, and swivels 360 degrees. Smooth dimming and colour temperature adjustments are made by hidden touch controls. A nine-hour shut-off timer conserves the lamp's already-efficient energy use. Lady 7 is a quiet luxury companion to working or lounging in style.

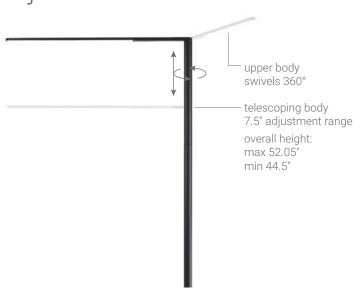

features

10' power cord not pictured

environmental considerations

- energy consumption: 6.5W
- 9 hour auto-shutoff timer
- aluminum body is fully recyclable
- · LEDs do not contain mercury
- water-based paint
