

clip

features

Clip is a versatile seating option designed by the Swedish architectural partnership Claesson Koivisto Rune.

Clip was inspired by the common hair band used on the head. Visually, it creates the curvature of the back with the clip. Designed for Studio TK, the chair's rounded aesthetic is accentuated by crisp, clean stitching. Clip features a wide range of colors that can create a beautiful hospitality-type moment with the use of a more neutral color, or a more iconic moment with an interesting pop of color.

Clip can be specified in five-star caster, four-leg in metal, four-leg in wood, and in pedestal cross-base options to suit a host of commercial settings. Bases are finished in polished and painted aluminum, as well as in a hard-wood option.
