

jima by Artifort

features

Offered through a partnership with Artifort in Schijndel, The Netherlands, Jima is a sleek, expressive chair that fits seamlessly into different worlds – home or office. Particularly noteworthy is the single, flowing line running from the top of the back, via the arms to the bottom of the seat. This makes it appear as if the seat cushion is locked in an embrace, providing ergonomic perfection and maximum comfort. Designed by Paris based Patrick Norguet.

Jima is available in three versions: a steel 4-legged base, an elegant swivel star-base, and a 5-legged height-adjustable swivel base with castors. The chair is offered in an extensive range of fabrics and colors, encouraging and accommodating any interior style.
