product information

The French celebrate by saying, “À votre santé” or “to your health.” Award winning designer Patrick Norguet created a level of elegance with his latest project, Santé. A series of versatile side chairs and stools, Santé brings an assortment of seating possibilities that will work in a variety of settings across the office. Simple yet smart, Santé is light and agile for movement and is comfortable for hours of work, meetings or just relaxing. Available in multiple seating options and a large array of finishes, the collection is adaptable for an extensive range of customization, eliminating the “institutional” feel of café style seating. Santé projects a lifestyle-oriented sensibility that softens the office landscape and expresses a more casual work culture.
