# On Space

Beyond a backdrop for our daily doings, *PHYSICAL SPACES* can *AFFECT*, *INSPIRE*, and *CONNECT* us as beings, bringing us in closer touch with *OURSELVES* and our *ENVIRONMENTS*. As creative partners, this means designing furniture not only as a product, but as an integral part of an *OPEN CANVAS* — for spaces that unlock both *CREATIVE EXPRESSION* and *PERSONAL EXPERIENCE*.

For spaces designed to support the *FREE FLOW* of energy, ideas, and activities, from the *PLANNED* to the *IMPROMPTU*

For *VISCERAL*, pops of *COLOR* and *TEXTURE*  
from an expanded *PALETTE*, bringing vibrant  
*NEW ENERGY* to any space

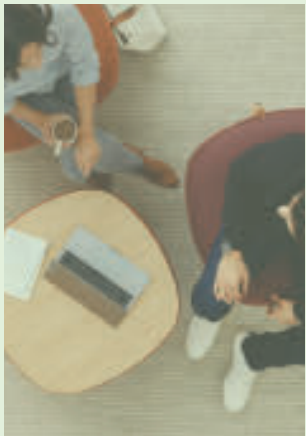

For the *BIOPHILIC* feeling of being *IMMERSED* in *NATURE*, moving seamlessly between the *OUTSIDE* and the *INDOORS*

For *HARMONY* through variation in *SHAPE* and *SCALE*, creating *SOFTER* spaces and more *BALANCED* compositions

For the *SEEN* and *UNSEEN* elements  
of materiality and light, combined to  
invite a feeling of *COMFORT* and *PEACE*
