

havn table series

havn table series product information

In coordination with the Havn lounge series, Busk+Hertzog set out to create a small yet versatile series of universal occasional tables that matched Havn seating's crafted architecture.

Havn tables complement Havn lounge seating both in design and functionality but, at the same time, work perfectly on their own or together with other lounge furniture, within or outside the Studio TK collection. Combining various heights, sizes, shapes, materials and colors, Havn configurations are as endless as the ways they can be applied.
