modus maluma seating product information

Modus Maluma lounge seating is offered through a partnership with Modus in South Somerset, UK. Designed by Claesson Koivisto Rune, this playful seating system takes a circular approach to enhance life today while being mindful of tomorrow.

The Maluma collection features a round ottoman and chair, which can function independently or be tied together using a flexible connection bar. This bar allows for a movement of +/- 30 degrees from a straight line, enabling free-form seating arrangements such as waves, arches, and serpentine lines.
