## product information

In partnership with Vondom – a leading Spanish provider of furniture for modern indoor and outdoor commercial spaces – Studio TK is offering Africa seating in North America.

The Africa collection includes a chair, armchair and bar stool. The essence of this collection is reflected in its simple and natural forms. As the Africa collection’s designer, Eugeni Quiliet, says: “The most simple things are the most original... The most original thing is to be simple...”

The Africa chair is made of injected polypropylene with fiberglass. Chairs and stools are stackable and available in several colors.
