

Banqs is a collection of sofas, screens, tables and accessories that create banquettes and linear booths for public and corporate customers. Banqs satisfies the need for hospitality and casual work solutions in freestanding spaces or along perimeter walls.

features

- A broad assortment of seating for multiple planning and application capabilities
- Three seat back heights for varied levels of privacy
- Freestanding and reconfigurable
- Minimal offering but with maximum planning capability including back to back, perimeter wall and open plan solutions.
- Optional power and A/V capability

upholstered sofas and screens

A collection of straight rectilinear seating designed to go beyond the traditional requirements of lounge seating.

- Each unit can accommodate up to three people
- Based on a 24" wide planning module for efficient planning in architectural spaces
- Available with no screen, low screen or high screen
- The 33" and 55" heights provides back support and various levels of visual, acoustic and spatial privacy

267

tables

Tables are designed to work with upholstered benches, sofas and screens.

- Available in two styles
 - Flat Base
 - 4-Prong Base
- Optional electrical components

table accessories

Table accessories finish the details of a layout to create settings that cater to users functional needs and designers aesthetic visions.

- Options include:
 - Table light
 - Electrics
 - A/V integration

understanding banqs seating

Unlimited configurations can be created with Banqs Seating that address the needs of today's work behaviors and planning scenarios. Banqs creates spaces for social to working to meeting.

- One layout can serve different purposes for different users
- The need and the context within the space will help to define the appropriate solution

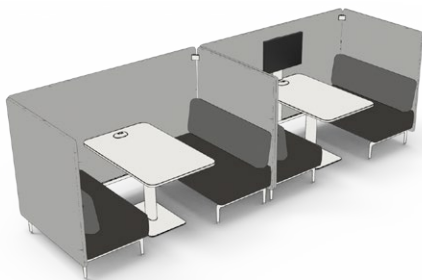

1 social 400 sq. ft. or more

- Medium to large sized cafeterias with open socializing spaces
- Traditional eat/drink destinations
- High and low screen applications for various levels of privacy
- Mixed table and chair settings to create different destinations for different sized groups
- Power where needed

2 social to working 200 - 300 sq. ft.

- Medium sized areas that blend lounge and work postures
- A combination of high, low and no screen applications
- Power and A/V where required
- Often planned with millwork integration

3 working to meeting 100 - 150 sq. ft.

- Small to medium touchdown work and meeting spaces
- High screens to provide privacy and noise reduction
- Used in the open plan or on perimeter walls
- Power and A/V where required

understanding banqs seating (continued)

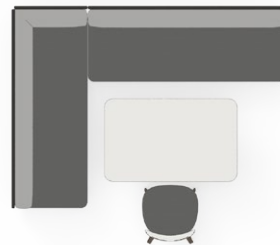

Banqs can be planned in three styles:

- linear
- l-shaped
- u-shaped

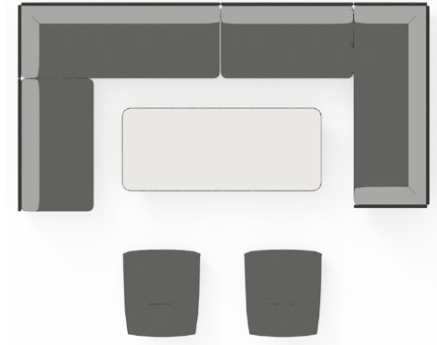

Linear Planning

L-Shaped Planning

U-Shaped Planning

271

Various levels of privacy can be achieved by mixing sofas and benches:

No-back for an open look and dual sided access

Low screen when directionality is required but low site lines are important

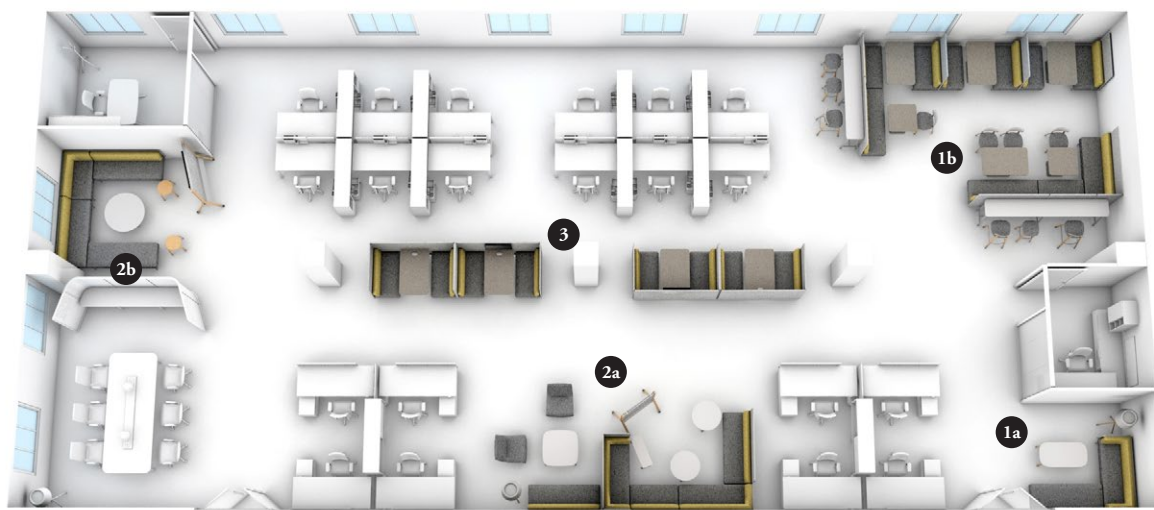

High screen when additional privacy and separation are required

For more contemporary applications, combine both low and high screen sofas in the same layout:

specifying banqs benches and sofas

Banqs benches and sofas are available as two and three seaters, with no back, low screen or high screen options. The following outlines the features of each.

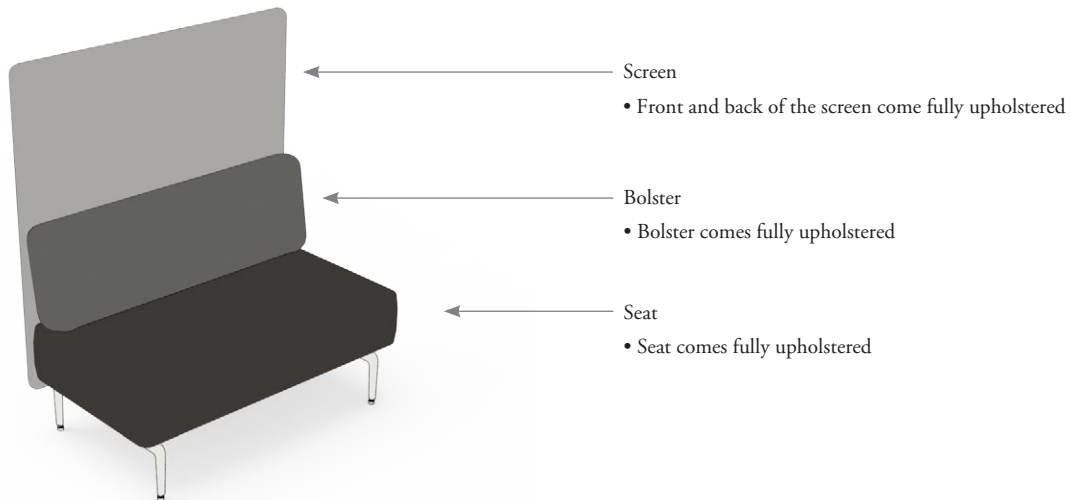

Banqs sofas are specified by selecting:

- 1- Seat fabric
- 2 - Bolster fabric
- 3 - Screen fabric

The sofas can be specified:

- Single upholstery (the entire sofa is one fabric or colorway)
- Triple upholstery (each part is specified in a different fabric colorway)

All Teknion upholstery grade fabrics including all Luum fabrics and leather can be used on Banqs seating.

banqs rectangular bench, no back overview

The Banqs Rectangular Bench, No Back is available as a Two Seater or Three Seater. The 18" height is ideal for providing multi-directional seating with open sight lines.

NBAR2/NBAR3

Seat:

Fully-upholstered seat with comfy, crowned top surface

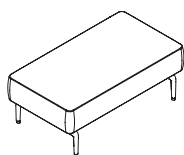

Base:

Unique cast aluminum base with painted finish and clearance below seat

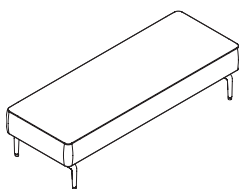

Optional electrical module can be specified left or right from the seated position (left handed shown)

Custom cable manager is mounted under the seat when electrical module is specified (not shown)

Banqs - Rectangular Bench

banqs rectangular bench, no back

dimensions & material requirements

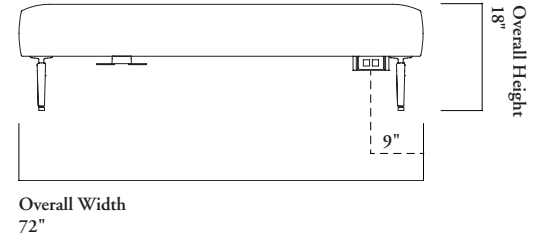

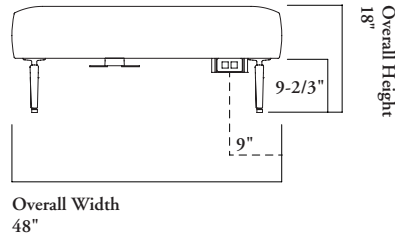

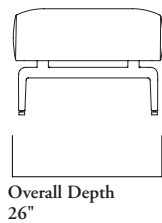

- For conversion to Metric, multiply dimension by 25.4
- Banqs rectangular benches with no back have been designed and tested for users weighing up to 300lbs.
- Dimensions are per BIFMA CMD standards
- Banqs Seating is proportioned to accommodate the growing needs of the North American market and tested to ANSI/BIFMA standards

WEIGHT	
Bench, No Back, Two Seater	61 lbs
Bench, No Back, Three Seater	84 lbs

Banqs Rectangular Bench - No back

rectangular bench, no back, two and three seater

Banqs is available with electrical modules mounted below the seat. The centerline of the module is always 9" from the outside edge of the bench and can be specified left or right.

COM/COL Material Requirement

More yardage may be required depending upon the upholstery pattern, repeat, directionality and pattern matching. Leather yield varies from 60-80% and may be affected by the quality of the COL including location and quantity of blemishes, size and shape of hide. The size of the sewing pattern and the number of units ordered may also impact yield. Always round-up to the next hide.

electrical capabilities

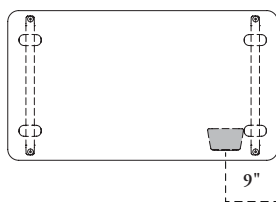

Banqs seating can be specified with or without an electrical option mounted below the seat. Each single module includes one simplex and two USB ports and a 10' cord. Electrical options are also available for the Banqs Table with Flat Base (NBAT).

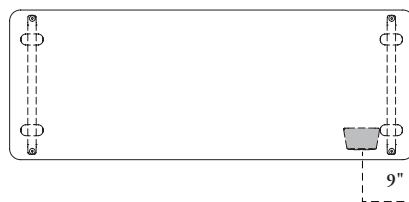

The following locations are available on Banqs benches:

- Justified beside the leg on left or right (from seated position) for all modules
- One side (from seated position) for back-to-back only
- One power module for single-sided configurations
- Two power modules for double-side configurations

When electrical modules are specified, the sofa comes with one cable manager and mounted beneath the sofa

48" wide bench with no back and electric module
(left from seated position shown)

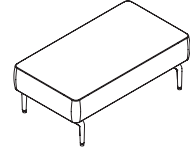

72" wide bench with no back and electric module
(left from seated position shown)

FEATURES

Option of 2-Seater (48"W) or 3-Seater (72"W). 18"H seat and no backrest.
 Multi-use, non-marking Glides (no casters). Painted finish on cast metal leg.
 Electrics in Ebony with white faceplate.
 Ships assembled.

NOTES

Single Upholstery is available. Upholstery is applied Off-the-Bolt.
 Ganging Plates must be ordered separately for linear applications.
 When specified, one (U) Single electrical option is mounted below the seat on one side. Specify location relative to the seated position on the sofa: (R) Right-Hand or (L) Left-Hand side.
 Legs are mounted on center line of depth so that the Bench can be used unhandred in open plan.

planning with banqs back-to-back sofas

Banqs back-to-back planning can be achieved in a number of ways, depending on the following:

- footprint size
- cost
- reconfigurability

The following demonstrates the ways in which this can be achieved.

Option 1

Advantages:

- one complete unit
- lowest cost
- smallest footprint
- proper alignment

Disadvantage:

- cannot be reconfigured into single sided sofas

Banqs Back-to-Back Sofa, High Screen, 2-Seat (NBAB)

- Grade 1 Single Upholstery - Base Price

Option 2

Advantages:

- can be reconfigured

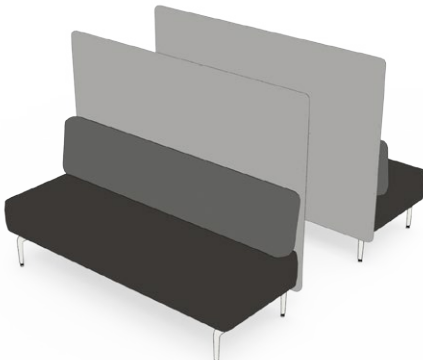

Disadvantage:

- higher cost to use two units
- alignment will not be as tight as a single unit

Banqs Single-Sided Sofa, High Screen, 2-Seat with
Banqs Single-Sided Sofa, Low Screen, 2-Seat (NBAS)

- Grade 1 Single Upholstery - Base Price is 10% more than option 1

Option 3

Advantages:

- complete flexibility to reconfigure
- proper alignment

Disadvantage:

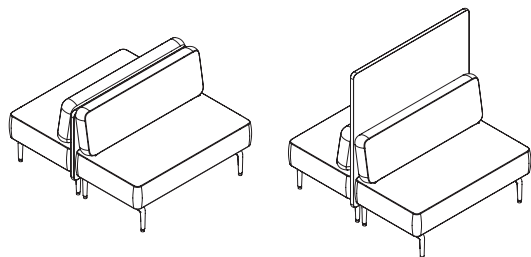

- highest cost
- largest footprint
- possible misalignment with two separate units

2 x Banqs Single-Sided Sofa, High Screen, 2-Seat (NBAS)

- Grade 1 Single Upholstery - Base Price is 13% higher than option 2

Banqs Back-to-Back Sofas

FEATURES

Option of 2-Seater (48"W) or 3-Seater (72"W). 18"H seat and bolster backrest is 33"H from floor. 55" H screen provides more visual, acoustic and spatial privacy than the 31-1/2" H screen. It is behind the back-to-back sofas in a shared position.

Multi-use, non-marking Glides (no casters). Painted finish on cast metal leg.

Electrics in Ebony with white faceplate.

Ships as two sub-assemblies and requires some assembly on-site. Includes threaded inserts to connect with perpendicular Spanning Screen Kit.

NOTES

Single or Triple Upholstery is available. Upholstery is applied Off-the-Bolt. For Triple Upholstery, the seat, bolster and screen prices must be added together for a complete price. Ganging Plates must be ordered separately for linear applications.

When specified, one (U) Single electrical option is mounted below the seat on the front-facing sofa and one on the back-facing sofa. Specify locations relative to the seated position on each side of the sofa: (R) Right-Hand, (L) Left-Hand, or (M) Mixed Right and Left which has one right/one left from the seated position.

specifying banqs corner and full alcove sofas

Banqs Alcove Sofas are available as two and three seaters, with low screen or high screen options. They can be used alone or combine the Corner Alcove with the straight Single-Sided Sofas to end a linear run or create a perpendicular corner layout.

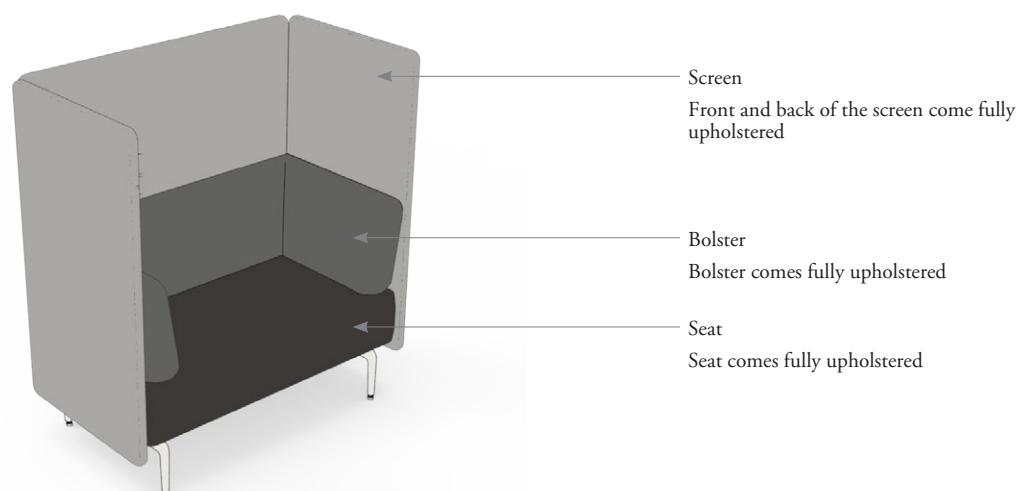

Banqs Alcove Sofas are specified by selecting:

- 1 - Seat fabric
- 2 - Bolster fabric
- 3 - Screen fabric

The sofas can be specified:

- Single upholstery (the entire sofa is one fabric and one colorway)
- Triple upholstery (each part is specified in a different fabric or colorway)

All Teknion upholstery grade fabrics including all Luum fabrics and leather can be used on Banqs seating.

banqs corner alcove sofa overview

Banqs Corner Alcove Sofas are available with a low screen and a high screen. They can be used alone or combined with straight Single-Sided Sofas to end linear runs or create a perpendicular corner layout.

NBAC

Seat, Bolster and Screen:

Single or triple upholstered

Base:

Unique cast aluminum base with painted finish and clearance below seat

Robust, padded, sound dampening fully upholstered screen spans full back and one side

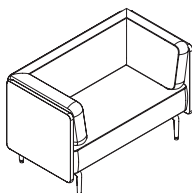

Unique angled bolster with sculpted edge profile creates back and armrest

Fully upholstered seat with comfy, crowned surface

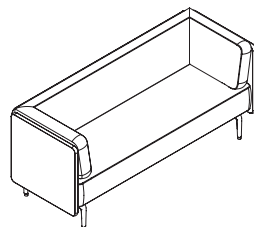

Optional electrical module can be specified left or right from the seated position (left handed shown)

Custom cable manager is mounted under the seat when electrical module is specified (not shown)

banqs corner alcove sofa dimensions & material requirements

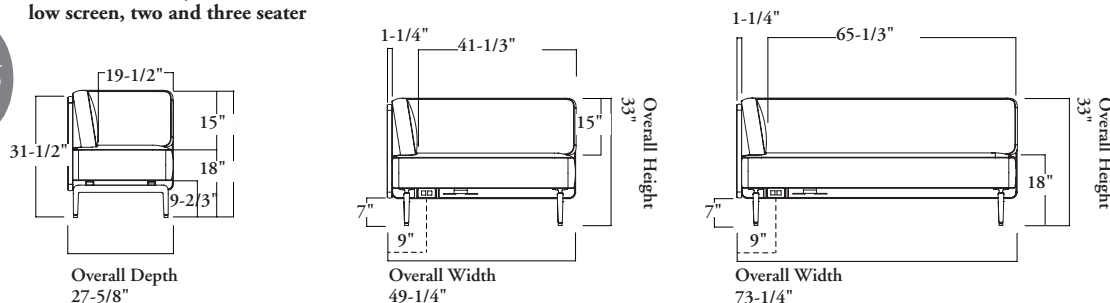

- For conversion to Metric, multiply dimension by 25.4
- Banqs corner alcove sofas have been designed and tested for users weighing up to 300lbs.
- Dimensions are per BIFMA CMD standards
- Banqs Seating is proportioned to accommodate the growing needs of the North American market and tested to ANSI/BIFMA standards

WEIGHT	
Corner Alcove Sofa Low Screen, 2-Seat	131 lbs
Corner Alcove Sofa Low Screen, 3-Seat	178 lbs
Corner Alcove Sofa High Screen, 2-Seat	170 lbs
Corner Alcove Sofa High Screen, 3-Seat	229 lbs

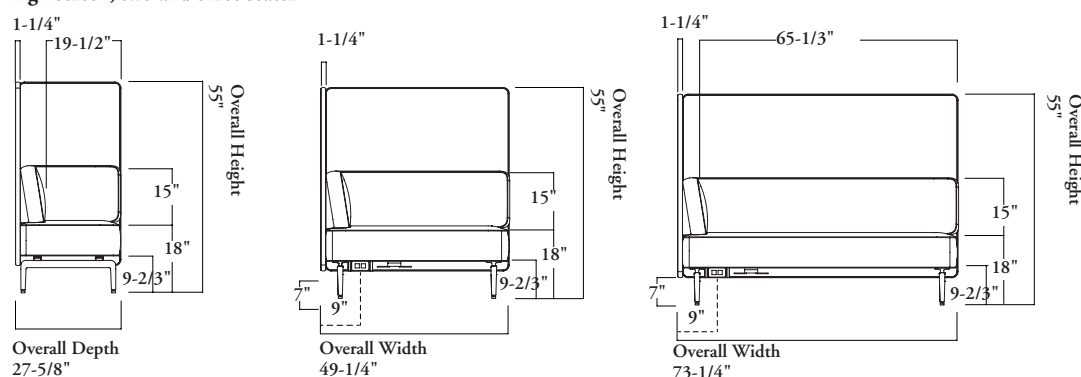

Banqs Corner Alcove Sofa - Right/Left Handed (Right Shown)

corner alcove sofa, low screen, two and three seater

corner alcove sofa, high screen, two and three seater

Banqs is available with electrical modules mounted below the seat. The centerline of the module is always 9" from the outside edge of the bench and can be specified left or right.

COM/COL Material Requirement

More yardage may be required depending upon the upholstery pattern, repeat, directionality and pattern matching. Leather yield varies from 60-80% and may be affected by the quality of the COL including location and quantity of blemishes, size and shape of hide. The size of the sewing pattern and the number of units ordered may also impact yield. Always round-up to the next hide.

banqs corner alcove sofa seating capacity & electrical

seating capacity

The following is the recommended maximum seating capacity for each Banqs Corner Alcove Sofas. Banqs allows 24" for each person.

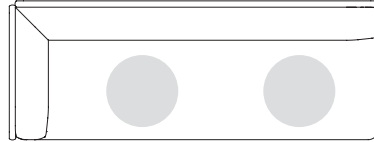

The weight capacity of each bench is based on a maximum of 300 lbs per person (for example a three-seater is rated for three individuals each weighing no more than 300 lbs)

Banqs Corner Alcove Sofa - Two Seater

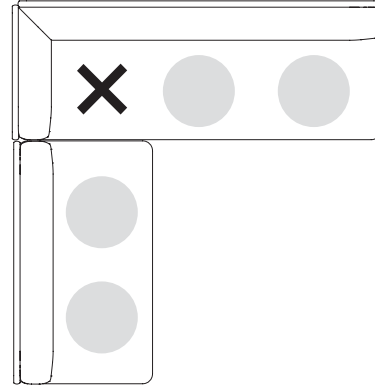

Recommended 1 person

Banqs Corner Alcove Sofa - Three Seater

Recommended 2 person

Combining Corner Alcoves with other Sofas

The Banqs Corner Alcoves have overall dimensions that correspond to the Two Seater and Three Seater-Single-Sofas but the corner position and side bolster may restrict full seating capacity.

297

electrical capabilities

Banqs seating can be specified with or without an electrical option mounted below the seat. Each single module includes one simplex and two USB ports and a 10' cord.

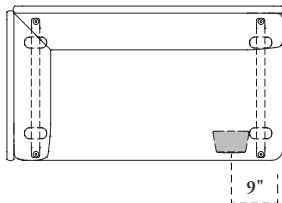

Electrical options are also available for the Banqs Table with Flat Base (NBAT)

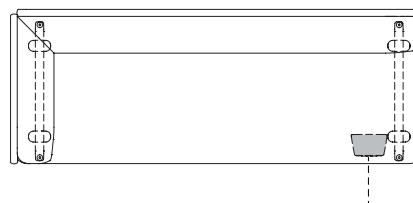

The following locations are available on Banqs Corner Alcove Sofas:

- Justified beside the leg on left or right (from seated position) for all modules
- One side (from seated position) for back-to-back only
- One power module for single-sided configurations
- Two power modules for double-side configurations

When electrical modules are specified, the sofa comes with one cable manager and mounted beneath the sofa.

fabric pattern and seam guidelines

The following should be considered when selecting fabrics on Banqs seating.

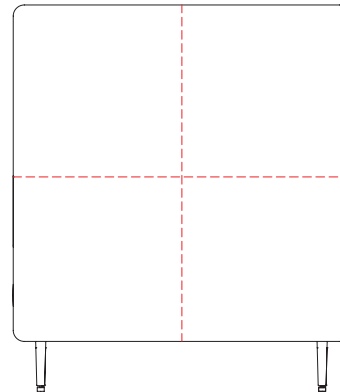

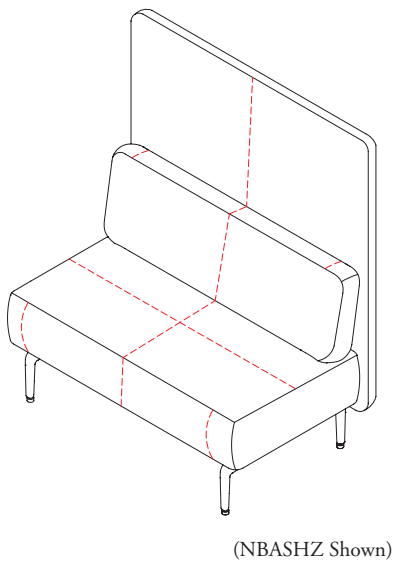

Fabric is applied Off-the-Bolt on Banqs seating. Off-the-Bolt is a term that describes the orientation that fabric is applied to seating.

311

Leather Considerations

- leather hides have variations in shaped and limited dimensions
- the leather will divided into smaller pattern sizes and will need additional seams

fabric pattern and seam guidelines (continued)

The following outlines where seams will be required on Banqs seating.

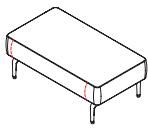

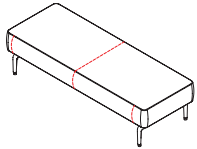

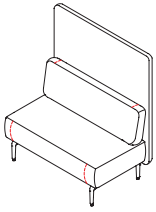

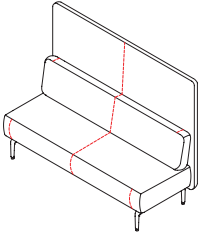

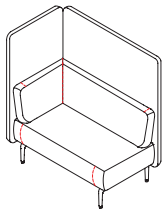

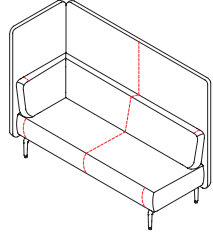

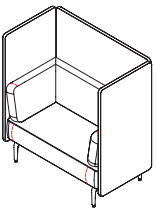

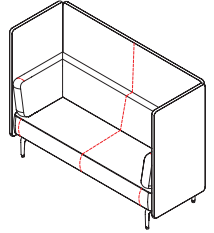

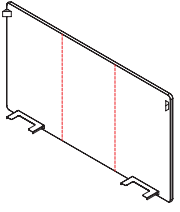

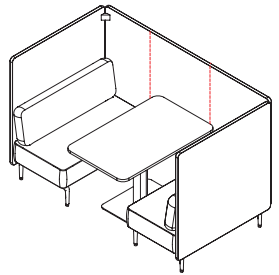

Fabric

All fabrics for Banqs benches and sofas are applied Off-the-bolt (front to back).

Patterned upholstery can be used.

COMs will follow the same fabric orientation and pattern seams.

Seams are required in the center-line of 3-seater straight upholstered benches and sofas as indicated below. Seams are applied to the back side and front face of the bench backs.

Product	Fabric Pattern Seams	Product	Fabric Pattern Seams

- For conversion to Metric, multiply dimension by 25.4
- Dimensions are per BIFMA CMD standards

WEIGHT	
High Spanning Screen, 84", No Electrical Module	70lbs

High Spanning Screen, 84", Digital Share and Worksurface Electrics

When assembled the top of the High Spanning Screen is 55" from the floor to coordinate with High Sofas.

When High Spanning Screen is desired to be positioned against a wall consider the height of baseboards and other building elements that may prevent it from being flush with the surface.

COM/COL Material Requirement

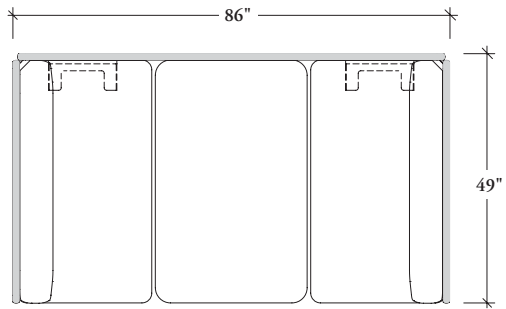

More yardage may be required depending upon the upholstery pattern, repeat, directionality and pattern matching. Leather yield varies from 60-80% and may be affected by the quality of the COL including location and quantity of blemishes, size and shape of hide. The size of the sewing pattern and the number of units ordered may also impact yield. Always round-up to the next hide.

planning with banqs high spanning screen

The following should be considered when planning with Banqs high spanning screen.

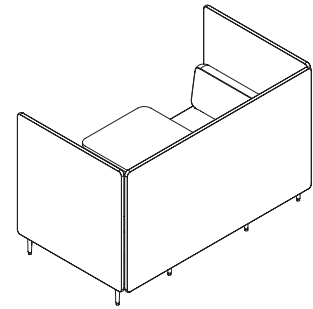

Banqs High Spanning Screens can only be used perpendicular to high screen sofas and must always be planned as a booth. High spanning screens are not freestanding.

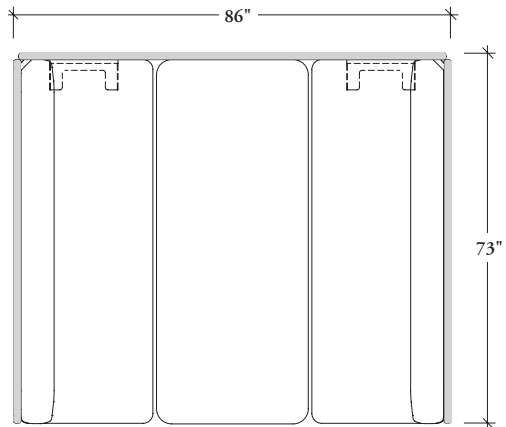

Single-Sided Sofa, High Screen, 2-Seat
with 30" deep x 48" wide Table

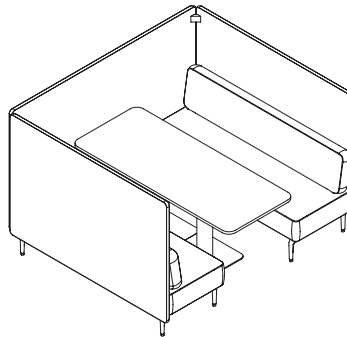

Front view

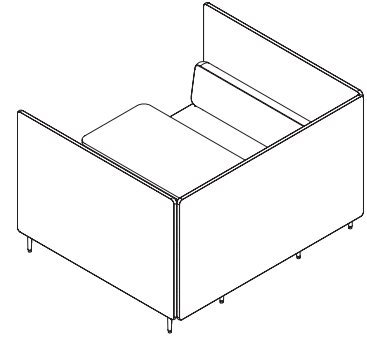

Back view

Single-Sided Sofa, High Screen, 3-Seat
with 30" deep x 72" wide Table

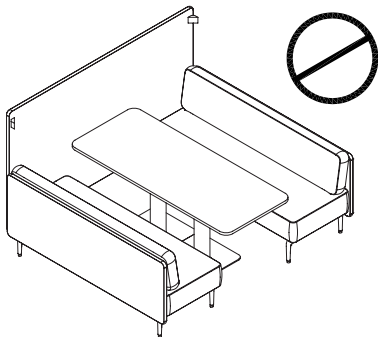

Front view

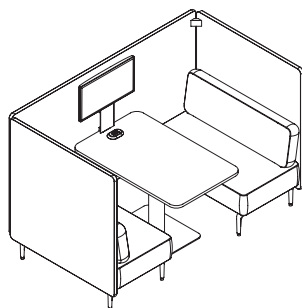

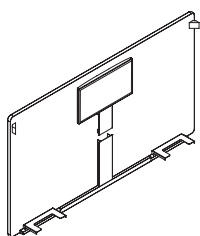

Back view

Banqs High Spanning Screens cannot be planned with Single-Sided Sofas with Low Screens.

Single-Sided Sofa, Low Screen, 3-Seat
with 30" deep x 72" wide Table

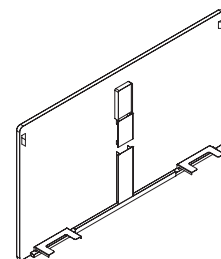

The following are the recommended TV/Monitor size and weight that should be taken into consideration when specifying a High Spanning Screen with Digital Share & Worksurface Electrics.

- Maximum TV/Monitor size is 28" (measured on the diagonal)
- Maximum recommended width is 30"
- Maximum TV/Monitor weight 20lbs
- TV/Monitor **cannot** be mounted on both sides of a High Spanning Screen
- Note: no tilt, pan or rotation is provided in the monitor mount
- VESA 75mm x 75mm or 100mm x 100mm hold pattern is accommodated

N B A Z

Banqs High Spanning Screen

FEATURES

Spanning Screen is used perpendicular to a Banqs Table and spans between (2x) Banqs Sofas with High Screens to close one end, resulting in a banquette/booth space that's screened on three sides. Spanning Screen is 84" W nominal x 55" H to optimize visual, acoustic and spatial privacy. It is sized specifically to provide ergonomic access to a 30" D Banqs Table with Flat Base and is structural to support TVs and Monitors up to 28" diagonal measure. Coordinating painted finish on metal channels and brackets. Ships assembled.

NOTES

Includes corner brackets and hardware used to connect and level screen with perpendicular Banqs Sofas specified with High Screens.

Single Upholstery is available on Screen. Upholstery is applied Off-the-Bolt.

Electrical Mounting Options can be specified to provide a horizontal wire management channel below the worksurface (for Worksurface Electrics). The Digital Share and Worksurface Electrics option also includes a vertical channel and mounting bracket with 75 x 75 or 100 x 100 mm hole patterns positioned above the worksurface level, used as wire management for television and monitor mounts (TVs and monitors not supplied). TVs and monitors up to 28" diagonal measurement can be accommodated & are ideal for the close visual proximity within the booth.

See Banqs Digital Share Wall Mount Integration Kit (NBAY) for Digital Share options that are mounted directly to a wall.

FEATURES

This Wire Management Kit is used in a booth setting that is against a building wall that requires only a Power Pill in a Banqs Table with Flat Base. It is also compatible with a scenario when a TV or monitor mount is required but hard wired into the wall, concealing wires.

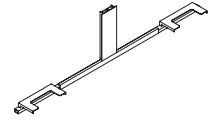

Includes Hat Channel to manage wires below the worksurface, from the Power Pill, to a horizontal wire management channel and connection brackets used to connect and level with adjacent Sofas. Does not include TV/Screen mounting bracket. Hardware to mount to wall is not provided and must be ordered by customer to suit site conditions.

Painted finish on metal

NOTES

The Kit manages the wires below the worksurface and relays them horizontally to the location of the Banqs Single Sided or Back to Back Sofas so that the power monument may be located in the floor, below the seat.

Order NBAY when a TV/Monitor is required to be surface mounted and a full wire management solution from the TV/Screen and the Power Pill to a floor monument is required.

When a table is positioned against a wall there is an option to tether it to the architecture. Mounting locations are shown for planning reference only. Fasteners must be supplied by others and determined on site to suite site conditions. Coordination with sofa, table, Spanning Screen and Digital Share Wall Mount Integration Kit is required.

N B A T Banqs Table with Flat Base

FEATURES

Table height is 29"H Task Height. 72" W Table has two columns to support table top. Table leg paint finish defaults to Base Finish.

Flat base includes 4 micro-leveling shims, providing 1/16" each to a total of 1/4" micro-leveling range when fully stacked.

Screen/Wall Tether Kit is below the table surface & includes a shroud. It is a default when a Cut-Out is specified. It is an option when No Cut-Out is specified. Screen/Wall Tether Kit paint finish defaults to Greystone.

NOTES

Worksurface Cut-Outs are to accommodate Zones Small Power Pill (ZNEPSA, ZNEPSB), Zones CALA Power Module (ZNEBS), Banqs High Spanning Screens specified with Digital Mount Shroud and Zones Table Lamp (ZNETL) which are all purchased separately. Cut-Outs are at one short-end of the table where Table to Screen/Wall Tether will occur. Power, Table Lamp and Screen options are not available for the 30x30 table.

Zones Exclusive Laminate includes Greystone, Greystone Beech & Natural Beech.

For applicable Edge Trim Styles, edge trim finish defaults to surface finish.

planning with banqs tables

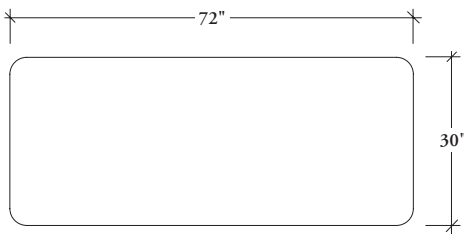

The following should be considered when planning with Banqs tables.

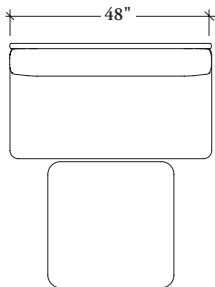

30" wide x 30" deep
Flat Base (NBAT) and
4-Prong Base (NBAU)

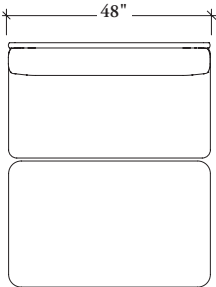

48" wide x 30" deep
Flat Base (NBAT) only

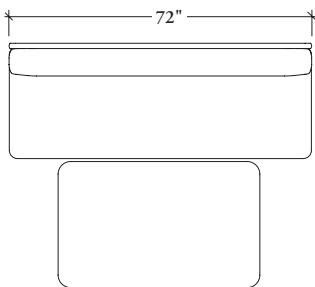

72" wide x 30" deep
Flat Base (NBAT) only

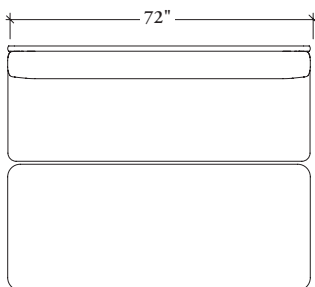

Single-Sided Sofa, 2-seater with
30" wide x 30" deep table

Single-Sided Sofa, 2-seater with
48" wide x 30" deep table

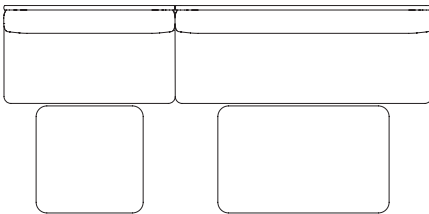

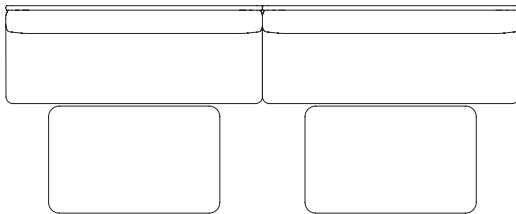

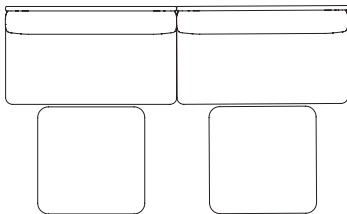

Single-Sided Sofa, 3-seater with
48" wide x 30" deep table

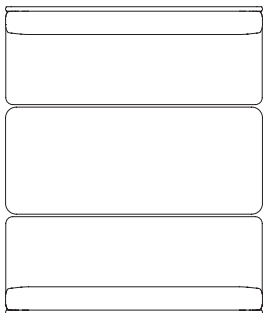

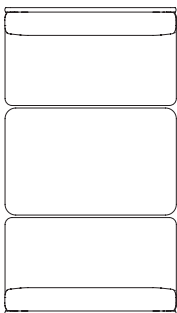

Single-Sided Sofa, 3-seater with
72" wide x 30" deep table

For linear planning, Banqs are sized to allow a user to pass between two tables to allow access to sofas. In this scenario, the tables are freestanding and either the Banqs tables with a Flat Base or 4-Prong Base can be specified. A minimum 18" distance between tables is suggested for clearance.

For Back-to-Back planning and to create booths, Banqs tables with Flat Bases are sized to be used with or without a High Spanning Screen. Their flat bases improve access and egress to the booth. Tables with Flat Bases also provide cut-out options to accommodate the High Spanning Screen's power and AV options as well as lighting.

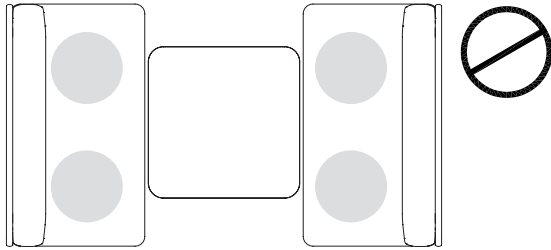

planning with banqs tables (continued)

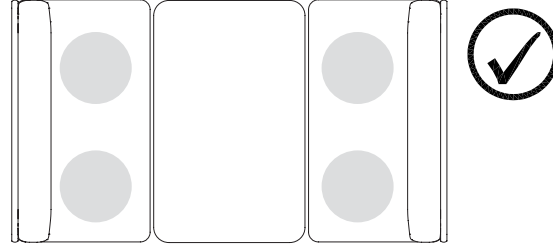

Recommended Occupancy

The following outlines the recommended occupancy for tables when planned in a booth.

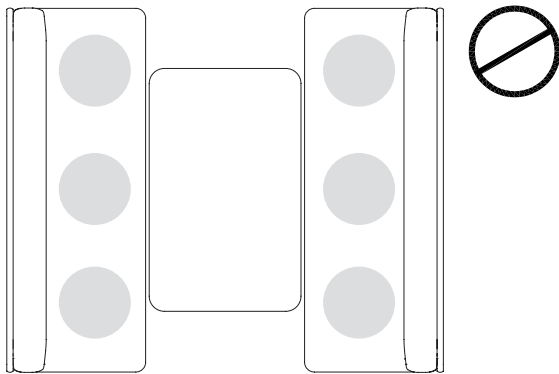

-Tables should be planned the same width as the sofas

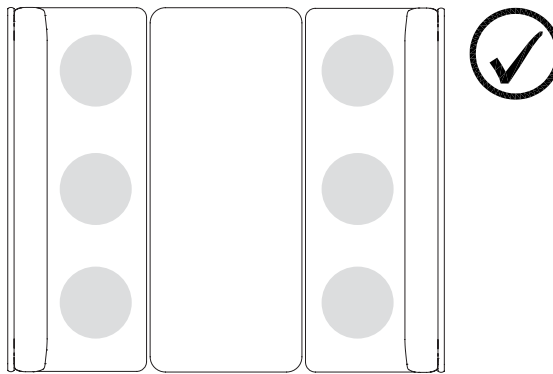

- 2-Seater Sofa
- 30" w x 30" d Table

- 2-Seater Sofa
- 48" w x 30" d Table

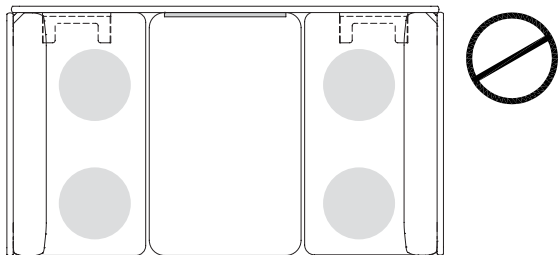

- 3-Seater Sofa
- 48" w x 30" d Table

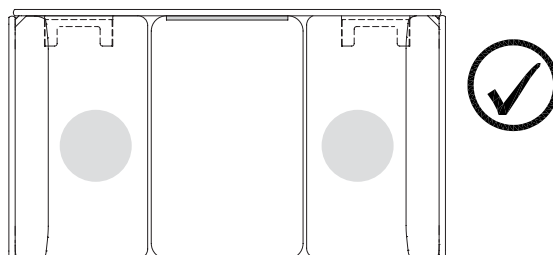

- 3-Seater Sofa
- 72" w x 30" d Table

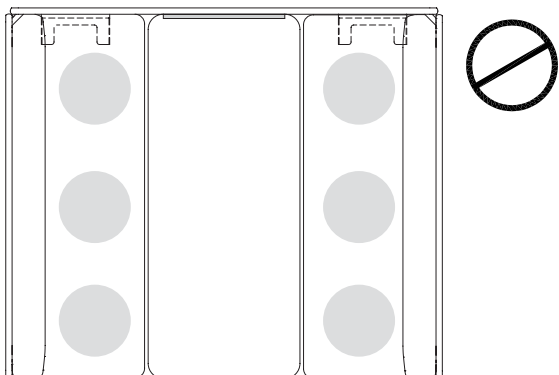

The following outlines the recommended occupancy for tables when planned in a booth with Banqs High Spanning Screens when an A/V monitor or screen is mounted since all attendees should be able to clearly view the screen.

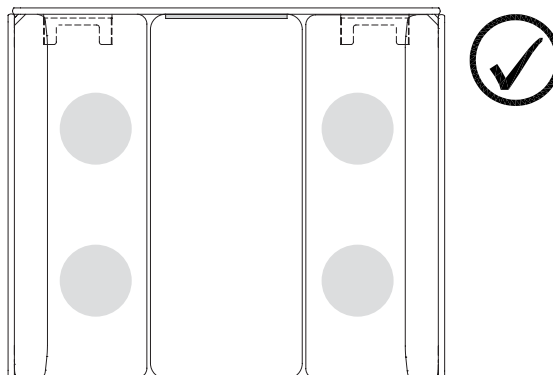

- 2-Seater Sofa
- 48" w x 30" d Table
- High Spanning Screen

- 2-Seater Sofa
- 48" w x 30" d Table
- High Spanning Screen

- 3-Seater Sofa
