teknion

The Kupp™ nesting chair offers a fresh approach to “stacking” chair design. Kupp is familiar in look and simple to use and store, allowing for unlimited horizontal nesting that makes the chair suitable for short-term applications in a range of settings. Just as the chair has multiple uses, the name Kupp references more than one idea, including the nesting attribute of tea or coffee cups that makes for efficient storage. Equally, Kupp is designed to comfortably hold or “cup” the seated body.

Inspired by the classic typology of the café chair, Kupp’s clean, light look fits modern spaces and blends with existing furniture, while finishes echo current educational, hospitality and corporate color palettes.

Kupps' unlimited horizontal nesting solves spatial and storage constraints, and contributes to employee safety as chairs can be nested with minimal physical effort. Individual chairs are simply shifted and fitted together prior to moving to storage.

finishes

Kupp is available in nine shell colors, from classic neutrals to rich contemporary hues, with frame finishes in Very White, Clay and Ebony. Shell colors and frame finishes can be paired to create high contrast or low contrast looks, as well as

tone-on-tone and direct matches for monochromatic understatement. The option of an upholstered seat pad expands aesthetic choices. Colors coordinate with Luum textiles which are available for the upholstered seat pad.

features

A slender, but strong frame, a flip-up seat and integrated nesting bumper allow Kupp to be moved with minimal effort and damage. Integrated arms provide seated support and easy egress.

The plastic seat is available with an optional upholstered pad, providing additional comfort for longer use applications.

planning

Versatile and agile, Kupp represents the need for attractive, portable seating in office environments, commercial settings and learning spaces. Contemporary spaces of all types experience continual flux and seating needs can change from moment to moment.

Kupp allows users to easily set up or pull up chairs as needed. Offering a level of design and comfort rarely found in nesting chairs, Kupp is an exceptional chair at a commodity price point.
