ballad upholstered stool

product information

Designed for Studio TK by Patrick Norguet, Ballad is "pure, a simple form with nice details and a little character." Comfort was at the forefront in the design process for Ballad and the result is something special, a complete line of stools and complementary seating that provides good comfort; good value; good quality; and of course, good design.

Stools are available without arms in two base options that are finished in a durable powder paint. Fully upholstered, Ballad has the option of matching or contrasting textiles on the seat and back.
