what is teknion bene box

what is teknion bene box

Teknion Bene Box is comprised of simple plywood building blocks that flexibly shape work environments to support multiple team tasks and encourage lively group dynamics and creativity. It's the ideal multi-functional modular furnishing system.

Teknion Bene Box combines desks, tables, stools, benches, lecterns, platforms, shelving units, storage towers and more to create flexible options for any room, and for an entire floor plan.

Build and rebuild, mix and remix, to create the perfect format for a work session or a celebration.

Teknion Bene Box is always a work in progress.

The following components make up the Teknion Bene Box collection.

Solid Bene Box

Bene Box with one opening

Bene Box with two openings

Half Bene Box

Bene Box Tray

Bene Box Top

Long Bene Box Tray

what is teknion bene box

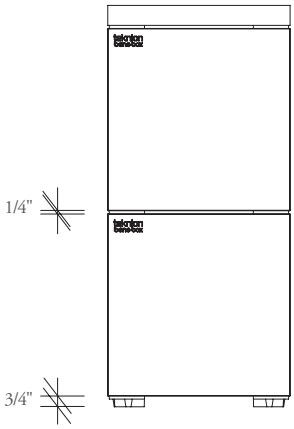
PRODUCT FEATURES

Foot
- Provides a base for a Bene Box component and helps to stabilize boxes when they are stacked

Connector Handle
- Acts as a handle to carry the boxes, but when configured locks two boxes together

GAPPING

- There will always be a 1/4" gap between each Bene Box component in a stacked configuration
- There will always be a 3/4" gap at the bottom of a configuration



FINISHES

Bene Boxes are available in the following finishes:

- Boxes
  - Plywood, Unfinished Pine
- Laminate Tops
  - Atrium White
- Cushions
  - Select Teknion upholstery fabrics and leather

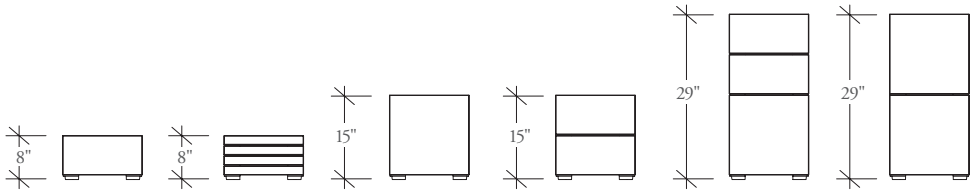
Plywood

Atrium White (8V)

Fabrics & Leather

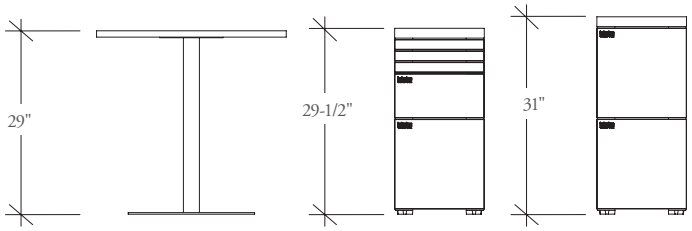
DATUM HEIGHTS

- Bene Boxes, trays and tops vary in height and when combined offer many different creative planning solutions
- Each box is modular so that the same height can be achieved in different ways:
  - 4 small trays = 1 half box
  - 2 half boxes = 1 full box



- Bene Box can be planned to meet standard datum heights:
  - Lounge (16"H)
  - Task (29"H)
  - Counter (36"H)
  - Bar (42"H)

Lounge Height (16"H)



Task Height (29"H)
