what is teknion bene box
Teknion Bene Box is comprised of simple plywood building blocks that flexibly shape work environments to support multiple team tasks and encourage lively group dynamics and creativity. It’s the ideal multi-functional modular furnishing system.

Teknion Bene Box combines desks, tables, stools, benches, lecterns, platforms, shelving units, storage towers and more to create flexible options for any room, and for an entire floor plan.

Build and rebuild, mix and remix, to create the perfect format for a work session or a celebration.

Teknion Bene Box is always a work in progress.

The following components make up the Teknion Bene Box collection.

PRODUCT FEATURES

Foot
• Provides a base for a Bene Box component and helps to stabilize boxes when they are stacked

Connecter Handle
• Acts as a handle to carry the boxes, but when configured locks two boxes together

GAPPING

• There will always be a 1/4" gap between each Bene Box component in a stacked configuration
• There will always be a 3/4" gap at the bottom of a configuration

FINISH

Bene Boxes are available in the following finishes:
• Boxes
  - Plywood, Unfinished Pine
• Laminate Tops
  - Atrium White
• Cushions
  - Select Teknion upholstery fabrics and leather
DATUM HEIGHTS

• Bene Boxes, trays and tops vary in height and when combined offer many different creative planning solutions.

• Each box is modular so that the same height can be achieved in different ways:
  - 4 small trays = 1 half box
  - 2 half boxes = 1 full box

---

Lounge Height (16”H)

Task Height (29”H)

Counter Height (36”H)

Bar Height (42”H)
**TEKNION BENE BOX TOWER**

Bene Box Towers consist of a selection of components from the Bene collection. They pack into a tower. Long Trays and Long Tops, when ordered within the Tower, will come with hooks on the back for easy storing. An unlimited number of layouts are achievable with a single tower or with two towers.

safety instructions

The following safety features should be followed with Bene Boxes.

The Long Bene Box Top must always be flush when stacked on top of Bene Boxes. It cannot be offset, or staggered over a single box.

Do not stand on Bene Boxes.
Do not push or drag Bene Boxes.
Do not stand on Bene Wheel Tray.
Safety Instructions

Bene Boxes can only be stacked to a maximum of three high.

Platforms can only be stacked to a second level.

Bene Boxes can only be positioned on top of each other and are fastened together using the holding part for frame.

Only Bene Box Trays can be used to create shelf configurations. Stacking on top of a Long Bene Box Top is not permitted.
