

teknion

tone

Quiet, yet spirited, design. Visually soft and minimalist, Tone is designed to blend seamlessly with its setting. A rounded frame invites touch. Tone allows for an expressive and efficient use of materials. Two different mesh styles are available in an uplifting color palette. An innovative knit sleeve, adapted from the organic structure of a leaf, adds texture; while the Luum sleeve expands aesthetic options.

features

- available models: task chair and swivel stool
- designed and tested for users up to 300lbs
