

# LUUM

## Sample Return & Reuse

---

If your workspace is getting crowded, save samples being thrown into a landfill and give them a second life with Luum's "Sample Return & Reuse" Program.

Just click on the link below to create a FedEx Return label.

In consideration of the environmental cost and minimizing our carbon footprint, we kindly ask that you return a minimum of 25 samples.

Further reduce your environmental impact and carbon footprint by reusing Luum's original packaging, or reuse other packaging. Simply remove or black out previous labels, barcodes and addresses before applying the return label.

Please note, when generating a return label, FedEx will require a weight for the package. If you do not know the weight of your package, please put 1 lbs. and FedEx will adjust it accordingly upon receipt. FedEx will send a confirmation email showing your nearest drop location.

Contact Luum Customer Service at 1-877-405-LUUM (1-877-705-5886) with any questions. We are always here to help.
