chronicle

Chronicle, a unique combination of existing ideas, refines the expected casegood to be something more: modern, elevated, inviting. Designed in collaboration with Jess Sorel, Chronicle has an extensive selection of neutral finishes, which can be combined in one setting to create a unique and unexpected look. Elegant and thoughtful details on all touchpoints invites the user to engage with their workspace.

Features include:

- Natural wood veneers are hand selected and matched per office suite rather than component, for seamless wood grain pattern across multiple pieces
- Mix of materials within the same suite including wood, metal and back-painted glass
- Front knife edge on shelves
- Two handle styles, including ADA compliant
- Three leg styles available in solid oak or painted aluminum
- Freestanding and height-adjustable surfaces
- Integrated dimmable cabinet and shelf lighting
- Interior mirror in wardrobe cabinets
- Pull out printer and waste bin options
- Worksurface undermount mini drawer, includes a solid oak drawer front
- Integrated electrical and cable routing options

power spine

Power Spine planning continues to grow importance in an ever-changing future where user preference is prioritized. Simple to plan with, and simple to use, the Teknion spine solution is optimized for lightweight and freestanding applications providing unobstructed access with full planning freedom, whether that be day-to-day or even hour-to-hour. Power Spine is a powerful solution, and with new additions of a Floor Flush Panel and a Lateral Floor Screen with Return it can do even more.
