ballad lounge
product information

The office is no longer just about work but about a lifestyle and Ballad combines form and function into a lounge chair that will be a timeless addition to any space. Designed for Studio TK by Patrick Norguet, the Ballad lounge chair is not just about aesthetics and is centered around user comfort. "The chair needs to be authentic; it needs a balance between comfort and design. We don't sell a piece of art, we sell a comfortable chair."

The lounge chair is available in a traditional low back or in a high back option for more privacy and combined with a pedestal style disc; four-star base with swivel; or a unique wood four-star base with swivel. With an extensive list of textiles to choose from, the seat and back can be finished in complementary or contrasting fabrics for more customizability.
