05

huddle

An open space where employees can have a quick casual discussion to align their productivity or for a quick update. This small round expansion table is meant for short discussions and tactical issues.

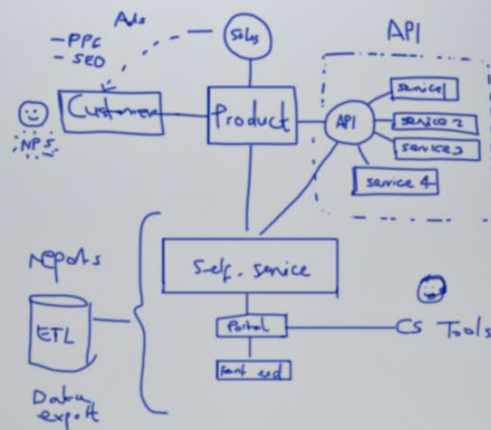

07

private office

Placed in a quieter area, this expansion table with club chairs is paired with a private workstation cabin for a more personal discussion which is effective for confidential matters and communication.

09

touchdown

A perfect space for intensive yet casual brainstorming session. This open collaborative space with eclectic mix of zones bench and ottoman offers a playful setting which encourages spontaneous participation, generating and discussion of ideas openly.

meeting

A hybrid space where it can room more attendees for a semi-formal interaction. The expansion table with an injection of accent colour and fabric seating, placed in an enclosed glass island serves adequate privacy in a high energy space like a think tank. This adaptive space empowers productivity in a less structured and free-flowing discussion.

13

workshop

Thoughtful and comfortable setup to minimise social barriers to encourage effective engagement and participation. The cosy Occo chairs enable involvement for the purpose of meetings, conferences, trainings, workshops and more. A perfect hub for interaction, employees are more likely to engage in conversations and generate new, inspiring ideas.

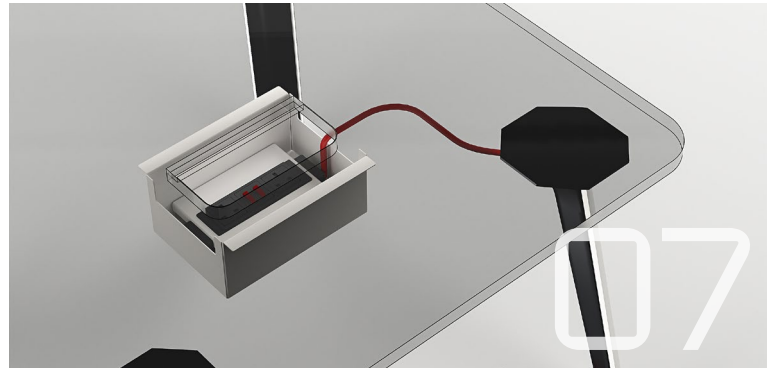

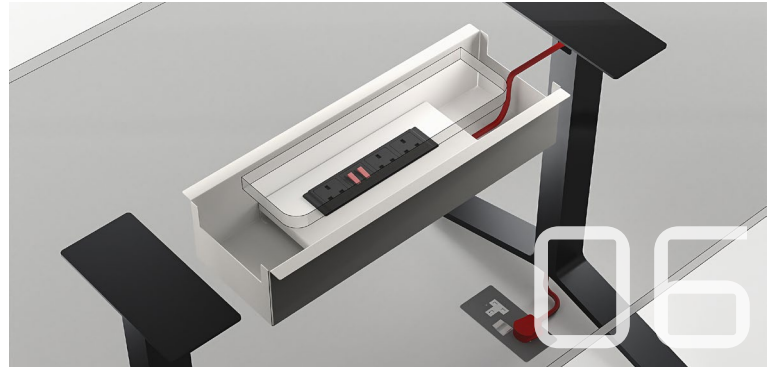

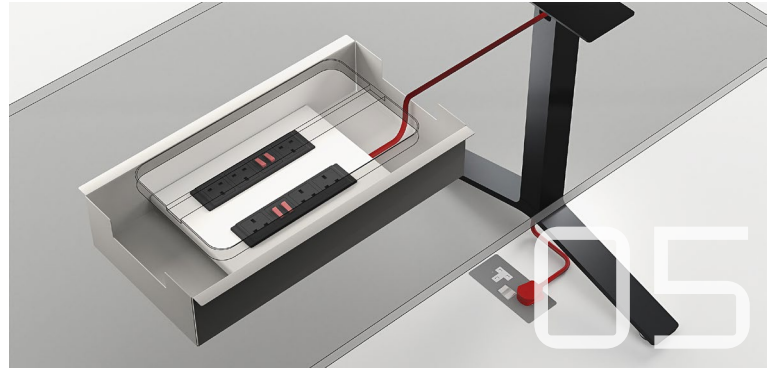

15

boardroom

This formal space is suited with an expansion table and leather seating for a high-level business meeting. It is an ideal environment to discuss company-wide policies, setting business goals, reviewing strategic plans and discussing the trajectory of the company.
