what is boutique surfaces

what is boutique surfaces

Boutique Surfaces is Teknion's new, diverse and trend-focused collection of materials and finishes. It celebrates Teknion's ability to manufacture various custom materials and finishes, while removing complexities inherent in custom projects.

To remain agile as trends shift, the finishes are offered through a focused and coordinated specials process on products rather than as a standard product. Boutique Surfaces will evolve to provide designers with opportunities for unique emotive expressions in cafes, lounge and other collaborative environments.

The collection is comprised of wood veneers and soft touch laminates, for application on worksurfaces, along with tinted glass for divider screens.

finishes

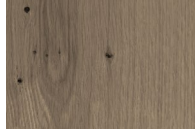

RUSTIC OAK VENEER

Rustic Oak is a White Oak veneer that showcases the visual character and authenticity of wood through its variations in color, grain and knot inclusions. The veneer format is randomly sequenced to accentuate the contrast between veneer sections. The veneer is also brushed to heighten its surface variation and to add a tactile quality.

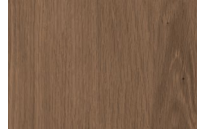

Stain Options

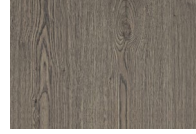

Natural (BR1)

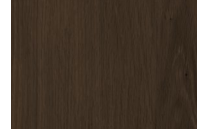

Sisal (BR2)

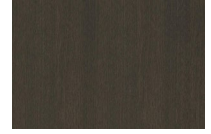

Sierra (BR3)

Brindle (BR4)

Bistre (BR5)

Truffle (BR6)

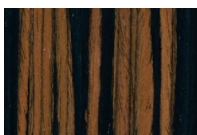

Application:

- Worksurfaces with:
 - Rectangular, square corners
 - Flat edge

ALPI VENEER

Alpi exotic veneers are crafted in Italy with a recognized sustainability story. They are known for their consistent quality, color and veneer pattern. These veneers offer a unique visual vocabulary for areas where a high design expression is desired.

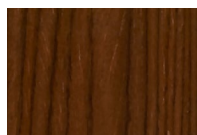

Veneer Options

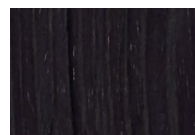

Makassar Ebony (BA1)

Zingana (BA2)

Thermo Oak (BA3)

Xilo Black Flamed (BA4)

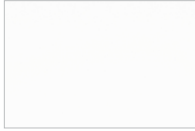

Application:

- Worksurfaces with:
 - Rectangular, square corners
 - Flat edge

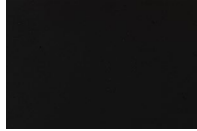

FENIX LAMINATE

Fenix is a high performance laminate manufactured in Italy, by Arpa. It is best known for being anti-fingerprint, extreme low gloss (soft touch) and its self-healing properties. This laminate is paired with a matching flat edge, or a ply edge with a flat or knife detail.

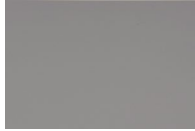

Colors

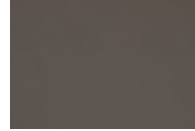

Bianco Kos (BF1)

Nero Ingo (BF2)

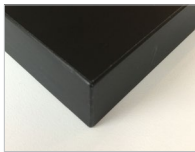

Grigio Efeso (BF3)

Grigio Londra (BF4)

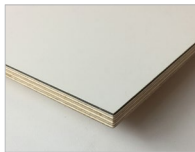

edge types

Coordinate Match Flat (MF)

Ply Flat (PF)

Ply Knife (PK)

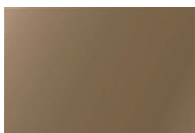

Application:

- Worksurfaces with:
 - Rectangular, square corners
- 3 edge styles are available:
 - Coordinate Match Flat
 - Ply flat
 - Ply knife

TINTED GLASS

Tinted Glass offers a lux quality to spaces and furniture compositions. It is available in two thicknesses to suit various screen applications.

Tints

Solar Bronze (BGZ)

Solar Grey (BGG)

- Applications:
 - Vertical Dividers
 - Desk screens
- Edge Type:
 - Flat polished
- Thicknesses:
 - 6mm, 10 mm

For information on other applications for any of the Boutique Surfaces, or for assistance with requesting a quotation, please contact your local Teknion representative.
