teknion

update summary

Please be advised that information has been updated within the Emote Reference Guide. To highlight these updates, a summary has been created for your reference.

revised

Backpainted Glass Top option has been added to the following products:

- Low Single Cabinet (EMC1)
- Low Double Cabinet (EMC2)
- Low Triple Cabinet (EMC3)
- Low Double Cabinet With Cubby (EMCC)

Cabinet Handles and Bases are now available in all Foundation and Mica metal paints.

First orders for new products will be accepted on May 26, 2025. All software will also be updated by May 26, 2025. If you have any questions regarding the information enclosed, contact your Teknion Customer Service Representative.

what is emote

what is emote

Emote transforms the private office into the creative office, one with a fresh look and the freedom to move and function in multiple ways.

Emote offers a new expressive language applied to wood furniture that surprises and inspires while maintaining the natural, tactile appeal of wood.

With Emote, one can make a statement, inspire creativity or offer a sense of home away from home.

Emote supports the agile worker with the freedom to function in multiple ways.

what is emote

Emote, designed by Mario Ruiz, is a collection of 21 distinct furniture elements that includes desks, cabinets, towers, thought boards and accessories.

what is emote

The Teknion Planning Tool provides idea starters for planning with Emote products. Assets are also available for presentations and specifying Teknion products. The following are a few examples.

TEKNION PLANNING TOOL – EMOTE

emote finishes

What does your Emote office have to say?

- Emote finishes and furniture options allow for individual and corporate expression

Transform the private office into the creative office by playing with neutral, contrasting or bold color combinations to convey a desired personality or culture.

home away from home

show your true colors

freedom of expression

make a statement

emote tables
