what is emote
what is emote

Emote transforms the private office into the creative office, one with a fresh look and the freedom to move and function in multiple ways.

Emote offers a new expressive language applied to wood furniture that surprises and inspires while maintaining the natural, tactile appeal of wood.

With Emote, one can make a statement, inspire creativity or offer a sense of home away from home.

Emote supports the agile worker with the freedom to function in multiple ways.
The following layouts are available on the Teknion Planning Tool.

What does your Emote office have to say?

- Emote finishes and furniture options allow for individual and corporate expression

Transform the private office into the creative office by playing with neutral, contrasting or bold color combinations to convey a desired personality or culture.
emote tables

PRODUCT FEATURES

Emote tables are available in 2 options:

1. Wood Top with Solid Wood Legs (EMTF)
   - Optional modesty available
   - Power bar with cable tray included
   - Wire management strip included

2. Wood Top with Height-Adjustable Base
   - Top with optional modesty (EMTW) and Base (EMTB) are sold separately
   - Switches, power bar and wire management options available with base
